

Pulse Oximeter

Model: SIGMA-Ultra

- 8" Color TFT Display
- AC power supply with built in lithium battery
- Connected to central monitoring System

**8-inch
high-resolution
color TFT display**

**Lasting working
capability with
built-in rechargeable
lithium battery**

**Central monitoring
system applicable
to ICU/CCU/OT**

**Support solution:
wall mounting,
mobile trolley**

Features :

- 8 inch high denition color TFT display
- Standard parameter : SPO2 & PR
- 2-4 hours battery power supply
- Sound, light & text alarm, adjustable volume
- Connected to central monitoring System

SPO2:

Measurement range: 0-100%
Accuracy: 70-100%, $\pm 2\%$ 0-69%,
upspecified

Pulse rate:

Range 20-254bpm

Respiration:

Method RA-LL impedance
Rang

Weight: 1.700 kg

Electrical Specipation:

100-240v AC, 50/60Hz

Max Input Power: 70VA

**Battery: 11.1V 4000mAh
rechargeable lithium battery**

**Standard configuration:
SpO2, PR**
